

EMOTIONALLY-RICH AND EXHILARATING, DECO ENSEMBLE RELEASES ITS NEW ALBUM "LÍQUIDO" LABEL RECART 0032 - RELEASE DATE: 6TH SEPTEMBER 2019

Deco Ensemble announces its long-awaited return, releasing a unique album comprising twelve carefully chosen compositions of noted composers from the old and current Tango Nuevo scene. 'Líquido' encapsulates the fluidity with which these pieces combine Argentinian tango influences with classical and jazz. Record is going to be released on 6th September 2019 on RecArt label.

The album showcases a rare set of pieces, "The Devil Tangos" written by the world's foremost composer of tango music, Astor Piazzolla, as well as one of his most significant tangos, "Triunfal". Leading the way in the contemporary tango scene and continuing Piazzolla's legacy, Ramiro Gallo and Emiliano Greco are considered two of the most influential composers of his generation and his tangos are most delightful and refined. Schissi's original and innovative style is best embodied in his intoxicating "Líquido 3". And last but certainly not least, Ricardo Gosalbo's three compositions written especially for this project are the cherry on top of this deftly-produced album.

The Deco Ensemble has been praised as 'one of the UK's foremost tango quintets', 'with a strong and highly individual voice' – *The Daily Telegraph*. Since its establishment in 2013, it has toured extensively across Europe and performed at some of the most prestigious festivals. They have appeared on television and released their debut album 'Encuentro' to critical acclaim in 2015.
